Better than the model! Don't miss this exquisitely upgraded home in the quiet enclave of The Arbors in St. Johns Woods. Built in 2019 this like new home features shiplap accents, floating shelves, built-in shelving, custom lighting and designs throughout. The triple sliding glass door, gas lantern, gas stub out for a grill and the Cadillac of all master showers are just some of the features you'll fall in love with. For energy efficiency the sellers have added radiant barrier sheathing, R38 insulation and a tankless water heater. Situated on the 2nd largest lot in the neighborhood, the screened in porch and fenced in yard backing to woods provide extra privacy for your enjoyment. The community pool and playpark are just a golf cart ride away and you'll love being mere minutes from the Johns Island commercial corridor with shops and restaurants at the front of the community and dotted along Maybank Highway. Just some of our favorites are The Natural Sports Bar, Tolly's Trattoria, Kiss Cafe and The Woodruff. Got a sweet tooth? Cabana Burger serves up boozy milkshakes and Flyin' High Froyo and Weezy's Ice Cream and Cocktails are just around the corner. There's so much to love about Johns Island and this home in The Villages in Saint Johns Woods will get you living here in style!
